Access Course

A ladder of opportunity for school leavers wishing to continue with preparation for life, independence and work

Course

Functional skills

Practical skills

The Access course has been specifically designed to meet your needs. It will support you as you leave school by improving your functional skills, while preparing you for future independence and employment.

By further developing and improving your existing skills, the Access course will give you more confidence, self-esteem and greater independence.

The Access course provides you with an opportunity to gain nationally recognised qualifications at Entry Level, including an ASDAN personal and social development qualification.

This qualification consists of 15 units covering a wide range of valuable and relevant everyday skills, such as:

- working as part of a group
- managing own money
- preparation for work
- healthy living
- developing self
- individual rights and responsibilities
- dealing with problems in daily life

Most importantly, the Access course may give you the opportunity to progress on to further qualifications, employment or training.

Improving your functional skills, (literacy, numeracy and ICT) is essential and fully integrated into all aspects of the course.

Literacy

Develop your skills in:

- reading
- writing
- speaking and listening

You can gain valuable qualifications in these essential skills and progress further.

Numeracy

Develop your number skills in realistic and relevant situations. These include skills such as:

- time and money
- weight and measurement

You can gain valuable qualifications in these essential skills and progress further.

ICT (computer skills)

Further develop your knowledge of new technologies using a practical approach

- Microsoft Office, e.g. Word, Outlook
- Using different software packages
- Using the internet more effectively

The Access course also offers you the opportunity to sample a range of practical subjects, such as:

- painting and decorating
- cookery
- horticulture
- motor vehicle engineering
- craft skills
- creative art
- sport
- enrichment activities

Work experience

There will be opportunities for you to carry out a short and realistic work experience as part of your attendance on the Access course. You will continue to be supported and monitored by staff while you are on work placement.

Educational visits

Much of the Access course is delivered in a practical and realistic setting, therefore you will make frequent visits to sites and locations in and around the local community.
