# Sport Business

## Introduction to the course

The course is designed for those who want to pursue a career within sport. The qualification allows you to develop wide-ranging knowledge, understanding and skills required for direct progression into existing sport businesses or to set up your own sport business. It also meets the needs of those who wish to progress to further study at a wide range of universities or international scholarships.

## Entry criteria

You will require a minimum of five GCSEs at grade C/4, one of which must be English language\*

## Progression opportunities

Higher education or employment.

## Course duration

Two years, full-time.

## Campus

Les Ozouets

## Course outline

The Level 3 Sport Business course covers various topics ranging from anatomy and physiology, fitness training for health and wellbeing, sports coaching and development, and application of fitness testing. We cover a wide range of sports throughout the course whilst also allowing learners to apply knowledge of their own sport through their assignment work.

During the second year learners will also complete a Level 3 Sport Business project which will provide learners with the opportunity to develop the necessary knowledge and skill set to set up their own sport related business within the community or provide valuable support to existing local businesses.

## Assessment method

A mix of coursework and practical assessment. Learners will be assessed through a range of styles including written assignments, practical application of knowledge and sector relevant production of materials and presentations suitable to the assignment scenario. Learners will gain the equivalent of three A Levels after two years of study.

*\* Most universities require five GCSEs at grade C/4 or above, including English and maths, as well as a Level 3 qualification.*

*Students who successfully complete all elements of their programme at College will be able to progress onto the next level, eg from Access to Level 1, Level 1 to Level 2, and from Level 2 to Level 3.*

# Additional learning support

As part of your learning programme, if you have not yet attained a grade C/4 or equivalent in mathematics and English language, you will be required to study a Functional Skill or GCSE in these subjects.

Students may require additional support for a number of reasons. At the start of your course you will be asked to complete an initial assessment in order for us to identify any additional needs that you may have. During your course, your personal tutor will be able to guide you on how best to access support.

We can offer the following:

- Progress Coaches
- Learner Support assistance (1:1)
- Learner Support assistance (group)
- Learner Support assistance (drop-ins)
- Specialist ESOL teaching
- Study lab sessions
- In-class support
- Special arrangements for exams
