Sport Business

Introduction to the course

This Level 3 course is designed for those who want to pursue a career within sport. The qualification allows you to develop wide-ranging knowledge, understanding and skills required to progress to further study at a wide range of universities or international scholarships or progress into sports-based employment

Entry criteria

You will require a minimum of five GCSEs at grade C/4, across a range of subjects, one of which must be English language*

Progression opportunities

Higher education or employment.

Course duration

Two years, full-time.

Campus

Les Ozouets

Course outline

The Level 3 Sport Business course covers various topics ranging from anatomy and physiology, fitness training for health and wellbeing, sports coaching and development, and application of fitness testing. We cover a wide range of sports throughout the course whilst also allowing students to apply knowledge of their own sport through their assignment work.

During the second year students will study a more diverse range of topics including sport psychology, exercise programming for specific groups and will organise sporting events within the local community. Students will also complete a sport business project, which will give them the necessary knowledge and skill set to progress into a sport related business or further their studies through higher education.

Assessment method

A mix of coursework and practical assessment. Students will be assessed through a range of styles including written assignments, practical application of knowledge and sector relevant production of materials and presentations suitable to the assignment scenario. Students will gain the equivalent of three A Levels after two years of study.

** Most universities require five GCSEs at grade C/4 or above, including English and maths, as well as a Level 3 qualification.*

Students who successfully complete all elements of their programme at College will be able to progress onto the next level, eg from Access to Level 1, Level 1 to Level 2, and from Level 2 to Level 3.

Additional learning support

As part of your learning programme, if you have not yet attained a grade C/4 or equivalent in mathematics and English language, you will be required to study a Functional Skill or GCSE in these subjects.

Students may require additional support for a number of reasons. At the start of your course you will be asked to complete an initial assessment in order for us to identify any additional needs that you may have. During your course, your personal tutor will be able to guide you on how best to access support.

We can offer the following:

- Progress Coaches
- Learner Support assistance (1:1)
- Learner Support assistance (group)
- Learner Support assistance (drop-ins)
- Specialist ESOL teaching
- Study lab sessions
- In-class support
- Special arrangements for exams
