HND in Art & Design

Two-year programme from October 2020

The course has been designed to appeal to those undergraduates seeking to access careers within the creative sector on the island.

The programme has been developed by working closely with local employers to identify essential skills such as critical thinking, creative problem solving, presentation and pitching skills that are required to be successful in the creative sector. The programme also offers work placement opportunities, live briefs to work on, national awards competitions and professional practice.

Students will have the opportunity to mature and grow their own creative techniques and practices in a range of media against a backdrop of business, commercial and entrepreneurial development, in order to prepare for entrance into the workplace.

The structure of the programme is 15 hours of lectures, workshop, practical sessions and contextual learning, accompanied by individual tutorial support, project work and work placements. Students have full access to well-equipped studios, Mac suites and workshops for independent study, experimental learning and preparation for a creative profession.
