International Baccalaureate Career-re

Introduction

The International Baccalaureate Career-related Programme (CP) is a Level 3 qualification offered between the Sixth Form Centre and Guernsey College of Further Education. This programme is ideal for students who wish to combine academic study with a professional financial qualification, enabling them to become confident, skilled students who are career-ready.

The Professional Qualification

For the Professional Qualification students will study the Chartered Institute for Securities and Investment (CISI)'s Level 3 Certificate for Introduction to Securities & Investment, and the London Institute of Banking and Finance's Certificate in Financial Studies.

These are respected entry level professional qualifications, and as such will strongly support students aiming to start a career in the local finance industry at 18, whilst carrying UCAS points so students can continue to access higher education. This learning will take place at Guernsey College of Further Education at Les Ozouets Campus for one day each week.

The Academic Study

Students will take two Higher Level 1 Baccalaureate Diploma Programme courses at the Sixth Form Centre. Students can choose from the full list of subjects.

- French
- German
- Spanish
- English
- History
- Philosophy
- Psychology
- Business & Management
- IT in a Global Society
- Geography
- Biology
- Chemistry
- Physics
- Sport
- Health & Exercise Science
- Mathematics
- Mathematical studies
- Visual Arts
- Film

The IB CP Core

In addition, all students will complete a Core programme which will ensure that they gain transferable and lifelong skills in applied knowledge, ethical business practices, critical thinking, communication and cross-cultural engagement. This Core will include both classes and work-related learning opportunities within local companies.

lated Programme

The IB Philosophy

The International Baccalaureate Career-related Programme opens up a range of possibilities, with students able to access industry and universities around the world. Whilst it prepares young people for the work place, it also keeps open the option to study at university in a related field. International Baccalaureate programmes emphasise the development of

the whole student physically, intellectually, emotionally and ethically.

The IB diploma's learner profile has 10 inspirational qualities that all learners strive to develop throughout their course. These are to be: Inquirers, Knowledgeable, Thinkers, Communicators, Principled, Open-minded, Caring, Risk takers, Balanced and Reflective.

IB World Schools share a common philosophy - a commitment to improve the teaching and learning of a diverse and inclusive community of students by delivering challenging, high quality programmes of international education that share a powerful vision.

Only schools authorised by the International Baccalaureate can offer any of its four academic programmes: the Primary Years Programme, the Middle Years Programme, the Diploma Programme or the Career-related Programme. For further information about the IB and its programmes, visit www.ibo.org
