English & Maths Programmes

English and maths are essential skills that are required in most job roles. Our team has a proud history of working with students returning to education to improve their skills and gain qualifications. Each year we work with more than 100 students in our evening classes as they look to gain qualifications that will enable them to access further and higher education, training and jobs, or to revisit incomplete education from school. **These programmes of study are FREE for everyone!**

Our English and maths evening classes offer the opportunity to achieve either GCSE or Functional Skills Level 1 or 2 qualifications in an adult learning environment with experienced lecturers. We now also offer part-time entry level English and maths courses.

We recognise that, for many, taking that first step through the door is the most challenging, and that historic relationships with English and maths may not have been positive but our student-centred and supportive sessions bring a fresh approach to learning - enabling students to develop skills and gain accreditation.

If you are unsure about your current level of ability, please contact us and we can arrange an assessment and help plan a learning programme to suit your needs. We also have an experienced and skilled support team who can assess your learning needs, put appropriate support in place and make necessary adjustments so that you can access your course. If you are looking to develop your English and maths skills to gain promotion, access further or higher education qualifications, start a new career or support friends or family through their own education, then our English and Maths courses are here to help you!

Foreword

Welcome to the 2023/24 TGI College course prospectus. We hope you can find what you are looking for and that we can help you on your study journey very soon.

Louise Misselke

Principal, TGI College
Executive Director, The Guernsey Institute

Progress continues as we move towards full integration with our partners as The Guernsey Institute. Whilst we are looking forward to what lies ahead, and to the state-of-the-art facilities the redevelopment will create, we are about so much more than buildings; whatever changes are going on around us, our commitment to putting our students at the heart of all we do remains constant.

TGI College is privileged to assist so many students on their career and self-development journey, creating a supportive and collaborative environment for you to study - whether that's on a full-time technical or vocational programme, a part-time professional qualification or a short hobby course. Our team of amazing tutors share the common goal of delivering the highest quality teaching to help you achieve your aspirations.

So if you are looking to take that first step on your learning journey, or seeking to move up the career ladder with a higher education qualification, or you simply want to try your hand at a new skill, please take a look through this publication to find the right opportunity.

We look forward to welcoming you to TGI College very soon!

Jacki Hughes

Executive Principal, The Guernsey Institute

Education is one of the most valuable investments we can make. It has the power to transform and enrich our lives in so many ways, benefiting individuals, employers and our society as a whole and as the world continues to recover fully from the pandemic, it has never been more important to upskill and reskill. We are very excited that The Guernsey Institute has a key role in such a formative period in local education provision.

Development of The Guernsey Institute continues at a pace, and we have now created a suite of sub-brands to identify the wide variety of study opportunities available to you. Our goal is to create an organisation that works with you as individuals to support your specific needs and study preferences, in turn helping you achieve your personal and career ambitions.

Working closely with our wide range of industry contacts both locally and further afield, The Guernsey Institute will continue to drive progressive change and impact through learning and development. With the plans for our new campus well underway, we will create spaces that recognise and address the diverse needs of the different groups within our community.

Get ready to unlock your potential!

Full-time Courses

Access

This course aims to develop students' self-esteem and confidence, improve their social, life and independent living skills and maximise their potential through an individual programme relevant to specific needs.

Beauty

Our beauty courses aim to give students the knowledge and skills to embark on a fulfilling and varied career in the beauty and holistic therapies sectors.

Business

This course is designed to provide students with an excellent range of employability skills to enable them to be work-ready either after college or university.

Childcare & Early Years

Ideal for those who would like to work in any area of health, social care or early years. Level 3 develops the knowledge/experience to work with children from birth to five years, with knowledge of five to seven years.

Creative & Digital Arts

These courses are designed to give students a wide and varied exposure to the many different types of creative media focusing on the essential skills required for all creative industries.

Engineering

These courses will develop students' practical skills and knowledge and are the ideal first step towards a successful and rewarding career in this exciting and varied sector.

Health & Social Care

Level 2 is ideal for those seeking to work in any area of health, social care or early years. Level 3 is a steppingstone to higher education at university/college or to taking up employment in the sector.

IT & Computing

These courses will provide students with up-to-date technical content and the necessary knowledge, understanding, skills and attributes required to be successful in this sector.

Office Administration

This administration qualification is designed to give students the knowledge, skills and understanding of the administration activities needed to progress into employment or higher levels of study.

Performing Arts

Ideal for those with a burning ambition to be a performer/work within the performing arts sector. Most of our Level 3 students progress to UK universities, drama or dance schools.

Progress to...

Our Progress to... course is a work-related qualification designed to give students the knowledge, understanding and skills to prepare them for employment or further study.

Public Services

This course is designed to prepare students for a career in one of the many uniformed services - armed forces, the police or prison service.

Sport

Our courses allow students to develop wide ranging knowledge, understanding and skills required to progress to further study or into sports-based employment.
